Art Contest Winners for 2025

HPP hosts a student art contest each year, using the artwork for annual meeting brochures and advertising. The program was developed to support student art programs, and artists.

Each year, we send out an application packet to all the schools in our territory, requesting

submissions. First and second place win cash prizes. Students can choose to offer up their artwork for sale, while it is displayed in our Riverton office lobby. Artwork can be viewed on display through the end of the year.
